

Edible Ocean

Objective To teach students about the diversity of life that exists in the ocean.

Materials Blue JELL-O®
Gummy fish and other gummy marine life
Clear plastic cups for individual treats
(or large fish bowl for group treat)

Procedure

1. Pour JELL-O® in plastic cups and add gummy treats. You may want to wait until the JELL-O® starts to harden a little so the treats don't sink to the bottom.
2. Let the JELL-O® harden in the refrigerator.
